The children of Olive Hill have certainly been kept very active this week as they have been participating in variety of activities, including skipping and running, for Sport Relief. Miss Poole has provided fantastic support to both the children and adults throughout the week, and has often been heard shouting words of encouragement!

Thank you to Hazel Class who shared their learning about their current topic 'Water, Water Everywhere' on Wednesday. They related their learning to many of the national curriculum subjects and gave an important message about how precious water is and how important it is to look after it. Thank you to Mrs White and all the adults involved in preparing the children for their assembly.

Holly Class thoroughly enjoyed their trip to the canal basin this week where they had the opportunity to learn about life on a canal boat and enjoy a ride on the canal. Year three have visited Twycross Zoo today as part of their learning about planet Earth, they were all very excited about seeing the different animals and we are all looking forward to hearing about their learning.

Miss Jenkins and Miss Shinner have now boarded their plane to Gambia. This is a fantastic opportunity for the school to learn about education in a different country and we will be keeping track of their movements using various social media. It will be a busy time for both the teachers as they will not only be involved in teaching but also supporting with community projects. We wish them both a safe journey and look forward to seeing them after the Easter holidays (hopefully fully rested and recovered).

This week we have appointed two new teachers for September - Miss Grice and Miss Homer - we are very much looking forward to welcoming them to the Olive Hill team.
