Headteacher: Ms R M Cutting

Wednesday 12th July 2017

Dear Parents

I am delighted to be able to share the fantastic news that the percentage of Olive Hill children who have achieved the expected standard in reading, writing and maths in their year six SATs this year is above the national average. The table below shows the percentage of Olive Hill children who met or exceeded the expected standard in the individual subjects and in all three subjects overall in comparison with the national figure:

Grammar, Punctuation and Spelling		Reading		Writing		Maths		Reading, Writing and Maths	
Olive Hill	National	Olive Hill	National	Olive Hill	National	Olive Hill	National	Olive Hill	National
79%	77%	71%	71%	70%	76%	76%	75%	62%	61%

The children will bring home their individual results with their end of year reports tomorrow and they all deserve to be very proud of their achievements. The children have all worked very hard throughout the year and demonstrated a mature and sensible attitude during the revision period and SATs week. It is wonderful that their excellent efforts have been rewarded with such positive results. Thank you for the support given by parents whilst the children have been at Olive Hill and in particular as the children prepared for these assessments. Thank you also to all of the staff who have supported this year group as they have progressed through school; their dedication and commitment is an inspiration.

Yours faithfully,

Ms R M Cutting
Headteacher

Learning together, achieving success.
